

T-Piece +Adapter, for pressure gauge connection

Main Features	
Application	distribution of cold, hot and heating water
Description	adapter – for pressure gauges w. G 1/4" rear connection T-piece – for press. gauges w. G 1/4" bottom connection and G 1/2" sheath extension
Working fluid	water, antifreeze fluid for heating systems, heat pumps and solar thermal systems

Codes	
16169	adapter for pressure gauge connection
16170	T-piece for pressure gauge + sheath connection

Technical Data	
Max. working pressure	16 bar
Max. working temperature	160 °C

Materials	
T-piece	brass CW617N
Adapter	brass CW617N
